A MUSEUM IN THE MAKING ARCHITECTURE COMPETITION

The Association for the Promotion and Exhibition of the Arts in Lebanon (APEAL) is planning to open a museum of modern and contemporary art in Beirut by 2020.

We are pleased to announce that we are launching the competition for the architectural design of the museum; and we hope that you will be able to take part in it.

The open-call to Lebanese architects entails two stages:

Stage One: Request for Qualifications (RFQ), open to all architects of Lebanese origin working in Lebanon or abroad. Based on the submissions to this RFQ, a short list of up to ten architects will be established. The closing date for Stage 1 submissions is 4 January 2016

Stage Two: Shortlisted architects will be invited to participate in a comprehensive Request for Proposals (RFP) to envision strategies for the site and develop a concept scheme design for the museum, along with technical and commercial elements.
